LinkedIn: Joshua Ezugwu - https://www.linkedin.com/in/joshua-ezugwu-167909241

Professional Summary

Motivated and detail-oriented Web Developer with a strong foundation in frontend technologies including HTML, CSS, JavaScript, and Bootstrap. Currently undergoing Full-Stack Web Development training with hands-on experience building responsive and interactive websites. Passionate about creating seamless digital experiences and building fintech and business-focused web applications.

Technical Skills

Languages & Tools: HTML5, CSS3, JavaScript (ES6+), Bootstrap

Version Control: Git, GitHub

Responsive Design: Media Queries, Mobile-First Design

In Progress: React.js, Node.js, Express.js, MongoDB

Other Skills: Figma (UI interpretation), SEO basics, Web Performance Optimization

Projects

1. Portfolio Website

Designed and built a responsive personal portfolio using HTML, CSS, and Bootstrap. Showcases projects, contact form, and about section.

2. Calculator App

Functional calculator with clear UI. Built with vanilla JavaScript to handle real-time arithmetic logic.

3. To-do List App

Interactive task manager that allows adding, deleting, and marking tasks. Utilizes local storage.

4. Weather App (In Progress)

Consumes OpenWeather API to display real-time weather conditions based on user input.

Education

University of Nigeria, Nsukka (UNN)
